

## PCSO Community HUB @ Llangewydd Junior School and Bryntirion Infants

Families are invited to come and meet your local PCSO Natasha from the neighbourhood policing team and have a cuppa and chat. She can offer support to you and answer queries you may have about the community.

Support on offer can range from digital support with children and young people, anti-social behaviour in the community, vulnerable people and any issues that are affecting you.

Help shape your community and the police know what can be improved.
